

# CUBES & CHIPS

## MAXIMIZE YOUR METAL REMOVAL RATES

### MAZAK CANADA TECHNOLOGY CENTRE EVENT

**JUNE 3, 2016 | 10:30 AM - 2:00 PM**

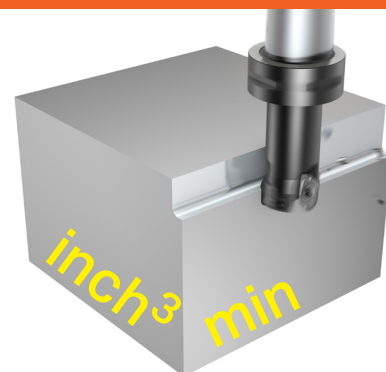

50 Commerce Court  
Cambridge, ON N3C 4P7

## Discover new advancements in Metal Removal Rates

You're invited to attend our upcoming lunch and learn that will focus on productivity advancements in metal removal rates and chip formation.

Sandvik Coromant and Mazak Corp. Canada are teaming up to share the latest and greatest practices for tackling this challenge in modern manufacturing.

Demonstrations will be show on the Mazak VARIAXIS i-800, HCN 6000, and QTN 450 M.

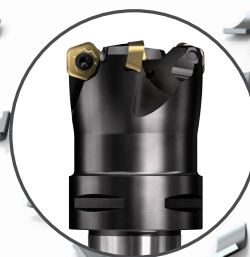

## Expect to see

- High speed aluminium machining
- Heavy Turning & Grooving
- High feed milling
- Plunge milling
- Drilling

**RAL90**
