

# Mazak™ Aerospace Blade Milling Lunch and Learn

Featuring Kennametal Ceramic Milling and KM4X™

## Join Kennametal for a Mazak Aerospace Lunch and Learn

Find out more about the Kennametal Ceramic Milling Program and the KM4X spindle interface running on the Mazak™ INTEGREX i-300. Learn about indexable and solid ceramic solutions for INCONEL® machining. Witness high metal removal rates with the added rigidity of the KM4X spindle during this live demo.

This seminar is free of charge. Lunch will also be provided at no cost to you.

## ➤ Wednesday, April 10, 2019

9:30–10:00am Registration and Breakfast  
10:00–11:30am Partner Presentations  
11:30–12:30pm Hosted Lunch  
12:30–2:30pm Live Machine Demonstration

## ➤ Mazak Aerospace Technology Center

1333 West 190th Street | Gardena, CA 90248
